Club President's Message

We enjoyed the very successful 31st Annual Fabulous 50's Charity Car Show! Then we left for a trip to Montana starting in Kalispell visiting family and friends. While talking to an old rodding buddy about his projects, I saw the car in the photos attached. It is a very rare model. My question is how many of you can identify it?

CLUES: A 1933 model associated with a famous football coach. Only 15 examples are known to exist in the world today. He also owns a four-door sedan for parts. Bring your guess to the next meeting and I'll give you the answer.

We wrapped up our trip at the Montana Auto Museum in Deer Lodge, which has just added a new building. The collection runs over 200 vehicles spanning the 1890s through 2022, and USA Today has listed it among the top ten car museums in the country. I'm keeping this short as Randy is typing while I am driving down the highway! See you at the meeting on August 9th.

Wally

Next Meeting - Sunday, August 9, 2026

NEW ADDRESS Location: Josephine County Event Center, Address: 215 Ringuette St. Grants Pass

Feature Car of the Month

This month's feature car is the Ford 5-window coupe belonging to Wally and Randy Norley. Nicknamed "Spooky" for its ghostly white paint, it's a real 1980's build—back when you found the parts you needed at a junkyard or a friend's house instead ordering online. The body is a 1933, while the frame, grill and hood are 1934. Wally acquired the car in 1982 as a driver, and every winter for the first 5 years he owned it he tore it down to the frame, improved it, and put it back on the road in time for the summer hot rod season! The engine is a very healthy 427 Chevy which is attached to a Turbo 400 trans. The 65 El Camino SS rear-end, chosen for its narrow width, has a four-link rear suspension with period coil over shocks. The front suspension is Corvair (a popular swap in the 70's & 80's) with Olds Omega spindles and brakes, and a Pinto rack. Wally chopped the car himself (the first of many chops) with the help of a friend and painted the car with the help of another friend. The 1987 paint still looks good! The comfortable high-back bucket seats are from a Camaro, and the tilt steering column is from an Oldsmobile. There are a number of other details that point to its 80's heritage: the taillights are Ranchero marker lights, the third brake light is a Chevelle marker light, the power window mechanisms are adapted from a 70's GM, and the front turn signals were pirated from a motorcycle. It's a great example of using what you can find to build what you want! Wally drove this car everywhere, putting over 90,000 miles on the odometer. The car's title has been passed to Wally's son, but it's back in Wally's shop for servicing and some updates—and probably some spirited driving!

If you'd like to see your car featured here, contact Tom Spencer at t3spencer@dslextre.me or (541) 474-5816.
